Good morning members,

I hope to find you well. I hope you had a beautiful holiday and got the gifts that you wanted. I hope you had some good food and spent some time with your family. I myself had a great Christmas Eve and Day. Santa was very good to me! I always remember the true meaning of Christmas which is about family and Jesus Christ.

We have lost a lot of people through COVID-19 this year, and should be thankful that we are still here. I lost my uncle right before Christmas and it has been a difficult time. If we have learned anything from this year it is that when times are tough, we must persevere. We are blessed to see another day and another Christmas. We don't know how long we are on this earth, so we need to be thankful for every minute that we are here.

To update you on Covid 19, it looks like the numbers are going down a bit, though we did experience some deaths over the weekend. With people traveling over Christmas, we are expected to see a rise in cases during New Years and by the end of January. All I ask is that you be careful, and act wisely. Make sure to be aware of what is going around you, and stay informed. After the holiday I will continue working on resources for my members, and will have them together for you all shortly. If you are looking for something fun to do before New Years, Milwaukee County Zoo is free through New Years day. I normally go to my friends house for New Years Eve, though this year I will be celebrating in my home to the Dick Clark show. It will be a little different this year, though I am looking forward to it. It is totally up to you how you want to celebrate your New Years, though I just ask you to please be careful!

If you have any questions or concerns please reach out to me. Our office Manager Kate will not be available until Monday for personal family reasons. I will be taking calls until Wednesday at 12:00pm and then I will be off until Monday. In the meantime if you need anyone to talk with please do not hesitate to give me a call, or to reach out to the Cope Line or the 1800 Suicide
