

March 21st, 2022

Good Morning Members,

I hope to find you well. I wanted to let you know that COVID seems to be stable right now, but I would not put my guards down. I would continue to wash your hands and sterilize your counters and things. I heard yesterday that Mr. Obama had COVID, but he is doing well. He only seems to have a scratchy throat and Mrs. Obama is doing well and tested negative for COVID. I would still be careful in crowds.

They just had the St. Patty's Day parade in Milwaukee and I am sure there will be some cases from it since there were so many people. I would have liked to go, but I am still trying to be safe. I think it is good people still get to celebrate because the parade was cancelled for the past two years. I also know the marching grandmas participated in the parade and it is nice to have them back after the tragedy that happened in Waukesha.

This week is St. Patty's Day and hope you can also celebrate. I am going to make corn beef and potatoes and I have a friend coming to visit. She has something in town so will hang out together. We will visit and do some things over the weekend like watch some movies and have dinner. She will also see her mom while she is in town which is good because I have a conference on Saturday that I will be participating in. I am looking forward to being able to visit and catch up with my friend.

I will be writing to you again on April 4th. I am glad it is not on April 1st. I enjoy writing these letters to my members. I wrote this letter a week early because I won't be seeing my job coach for a couple of weeks and I have some appointments. So Happy St. Patty's Day!

Please reach out to me if you need anything. I am wishing you all a blessed Monday. You can call my cell phone @ 414-852-6462 8:00am - 5:00pm, Monday - Thursday. If I am unable to take your call, I will call you back. You can reach the cope hotline @ 1(262)-377-2673.

Sincerely,

Cindy Bentley
