

April 4th, 2022

Good Morning Members,

I hope to find you well this morning. I hope you had a great weekend. I want to let you know about a few reminders. First, don't forget to vote tomorrow. If you have forgotten please vote, we need all your voices. It is important for our democracy because it helps make a change. I always say that if you don't vote you can't make change.

If you have your absentee ballot early voting is over, but you are able to still go to your voting location and still vote. I know it might be difficult for some to go vote because of transportation but I hope you are able to get your vote in. I was able to get my vote in two weeks ago with my absentee ballot. I can't tell you to vote if I don't do it. I like to lead by example. I am excited for Election Day and I will have a treat to celebrate that we are able to vote.

Second, of course I still have to talk to you about COVID. I heard that in New York City that there is a new variant. I would say to keep washing your hands. You can go out but be careful because we still have to take care of ourselves and those around us. If you are immunocompromised, I heard that you are able to get a fourth COVID booster. I plan to get my 4th shot because it is important and I haven't had COVID yet.

Easter is coming up in about two weeks. Think smart about who you plan to celebrate the holiday with. Small groups are better than large groups and if

the weather is nice it could be good to celebrate outside. I want to wish you all a happy Easter in advance and I will be writing to you the day after Easter!

Please reach out to me if you need anything. I am wishing you all a blessed Monday. You can call my cell phone @ 414-852-6462 8:00am - 5:00pm, Monday - Thursday. If I am unable to take your call, I will call you back. You can reach the cope hotline @ 1(262)-377-2673.

Sincerely,

Cindy Bentley
